Record Books:
- Members are finding it too complicated and that there are much more calculations. The depreciation area is difficult
- The books should be easy to comprehend and allow members to learn.
- We liked the project book inserts

Beef Learning Day was cancelled, was supposed to be in Mayerthorpe. They were waiting to do something in person,

The Beef Advisory Committee has been putting out webinars for members and parents to join and register, they have been about an hour long. There is one for feeding on March 17th at 7:00 pm

Focus on 4-H is cancelled for 2021, if something is cancelled with AHS, might look at doing a fun one day type of event.

- Everything is still going ahead
- Waiting to see what they can do for a year end tour thing
- Biggest competition that we've had so far

Achievement Days:

    - Depends on government guidelines
- At this point no in person activities can happen until Stage 4
- Looking at different ways to have shows and sales
    - Might be able to do something as a club or in certain group levels

- Cannot do anything until we know further information
- Outdoor facilities are still clusters of ten, but would not be limited to facility capacity. Social distancing still must be in effect.
- Have a back up plan, it will help because we all should have plans and ways to improve from last year.
