BUDGET - For Senior Members Only

A budget is important for planning. Budgets can help ensure that your expenditures are not greater than your available finances, or expected income, particularly if a loan is required.

Based in previous years in the project, and/or the advice of your leaders and parents, create a budget for this year. Additionally, you may want to think about:

1. Is the value of the learning worth a loss? Will it lead to a more balanced projection in the future?
2. Is there a way to decrease expenses?
3. Is there a way to generate more income?

PROJECT INVENTORY

To complete your 4-H project you may acquire equipment, tools, and supplies you will continue to use throughout your 4-H career. Keep an inventory listing including the item, date of purchase, and cost/value. Include equipment that was added, lost, or broken through the year. Don't forget to include equipment purchased in previous years (i.e. from your last book). This list may also be valuable in case of an insurance claim for loss or damage.
