Record Books:

- Members are finding it too complicated and that there are much more calculations. The depreciation area is difficult
- The books should be easy to comprehend and allow members to learn.
- We liked the project book inserts

Focus on 4-H is cancelled for 2021, if something is cancelled with AHS, might look at doing a fun one day type of event.

- Everything is still going ahead
- Waiting to see what they can do for a year end tour thing
- Biggest competition that we've had so far

 - Depends on government guidelines
- At this point no in person activities can happen until Stage 4

- Looking at different ways to have shows and sales
 - Might be able to do something as a club or in certain group levels
- Cannot do anything until we know further information
- Outdoor facilities are still clusters of ten, but would not be limited to facility capacity. Social distancing still must be in effect.
