CEO Report

At the end of May, Andy Pittman (4-H Alberta Board Chair), Christine Suominen (Vice-Chair), and I met with the Honorable Nate Horner, Minister of Agriculture, Forestry and Rural Economic Development. That meeting provided an excellent reflection on how far we've come despite all the challenges we have faced as a community. We were able to thank Minister Horner for Alberta's annual support of 4-H, and he and his team assured us that they are keen to support the future of agriculture through 4-H.

As I reflect over the past two years, we have been through a lot as a community. And while we have many opportunities on the horizon, there is something very clear to me. We must stay focused on equipping our youth for the future and supporting our volunteers focused on serving these excellent youth throughout 4-H.

As our excellent summer camps and activities ramp up, many of our clubs wind down across Alberta. Much of the team will be stepping up to focus on two primary goals for the next club year. The first goal is to provide supportive and timely resources to the volunteers across Alberta. The second is to create a system to promptly and fairly address any conflicts that may occur in 4-H. Achieving both goals before next fall should reduce the burden our leaders have told me about and give them more time and focus on serving our members.

I wish all the best to our clubs as they celebrate the achievements of our members across Alberta. I have enjoyed the time I have spent seeing the incredible projects that our members have achieved this year. An excellent example of the broad interest of our youth was on display at the 4-H Stampede on Parade. In addition to the impressive livestock projects in the ring, welding, mechanics, quilting, archery, board games, and much more were on display.

2022 Mailmatch Winners

Submitted by Jody Wacowich, Mailmatch Coordinator

I want to thank all the parents, leaders, and coaches who helped score the matches and get those numbers to me. We couldn't have done this without you!

I'd also like to congratulate all Mailmatch participants. Based on the submitted scores, everyone showed improvement over the last four months, and some made those increases in only the last month. One of my favourite sayings is, "Archery is about being better today than you were yesterday," and that's exactly what you all did. Well done!

Keep an eye out for next year's contest, and congratulations once again to all members who participated!

participating without herds or flocks, they receive feedback from their interview - which is a great learning opportunity as they seek summer or full time employment. Over the past few years, there have been positions extended to 4-H members! This year, the interviews were phenomenal and more than one company asked to keep member resumes for when they were seeking their first full time job!

Learning Day: During the morning portion of the program, ALL 4-H Members are invited to participate in a series of learning sessions. Sessions have included how to give animal injections (demonstrated on oranges), visiting with local veterinarians, learning about beef and sheep carcasses and their potential for profitability.

The SHOW: This event allows members to showcase their female beef and sheep projects in individual categories as well as in the flock and herd categories.

Member Awards: The Herd and Flock Member Awards, provided by Millsey's Ag Service (beef) and Santangelo Livestock (sheep) were proudly awarded to: Logan S., and Ruth S. Congratulations!

Special Thanks: Thank you to Arlene Good at FCC, Jason Forrest at Brandt Ag and John Logan at Select People Solutions for supporting the interview portion of this event. Thank you to Millsey's Ag Service and Santangelo Livestock for their repeated generous support of our Member Award. To the hard working BEEP committee who planned and executed an incredible member event - THANK YOU - without you, none of this would happen.

On Saturday, May 21st, 2022, 40 South Region 4-H Members participated in the 2022 BEEP Show and Learning Day!

Inclusion & Diversity: The BEEP event is open to all members within the South Region. There's plenty to do and learn for members registered in both livestock and lifeskills programming!

Industry Interviews: Leading up to the BEEP Show is a very unique Alberta agricultural industry networking event. Registered participants are invited to complete a resume and cover letter for one of 3 "real" jobs that the committee presents. This committee works with agricultural professionals who hold a REAL interview with 4-H members. For 4-H members who compete in the show with a herd or a flock, their interview is graded and assigned marks for the herd and flock member award competition. For members who are

Leader Training

As Activity Plans are coming in, we're noticing that some people who think they are fully screened and trained are not. ie. a reference hasn't replied so screening isn't complete or they haven't completed both Commit to Kids and Youth Safety training, so aren't fully trained.

A note to check your Leader profiles:

- is your screening complete?
 - have you filled out the screening form in your ORS profile
 - have all your references replied
 - have you sent in your police check with vulnerable sector
- is your training complete?
 - in order to complete your training, leaders must have both Commit to Kids AND Youth Safety at 4-H in Canada training.

Northwest Region

NW Region Where's the Beef! Beef Learning Day - April 30, 2022

- We had a nutrition slide show and presentation from Jack Fischer of Delta Animal Solutions. He showed the kids some samples of feed and had a ton of learning materials on what to feed, when to feed, and what to do if your animals turned off of their food. We all learned a lot from Jack!
- Next up was the Mayerthorpe Vet Clinic with Cassandra Kuhn and Makayla Morgan. They showed us how to tube a calf and how to give a proper injection. This was truly a hands-on experience as they had brought 2 dead calves with them to practice on.
- The third rotation was Jay Wildman with Select Sires. He had some hands-on materials for the kids to try out the art of doing AI on your cows. He brought the full-length gloves and the kids got a chance to try them out in action.
- Next up was Implants and Tattooing by Branden Harris. He had the equipment to demonstrate on animal ears that were provided for the kids for the day. He let them try out the implants and showed them how to tattoo.
- The final rotation was with Colby Heaven, manager of Rainbow Red Angus, to learn about photography and marketing your animals. He had handouts for the kids and showed them how to stand and how to angle the animal for the best possible shot.

Overall there was a lot learned and the kids had a great time.

Everyone enjoyed the food, snacks, learnings, and take-home packages!
