## 4-H IN CANADA

# Positive Youth Development Formula

The 4-H Canada Positive Youth Development Formula, is our recipe for building responsible, caring, and contributing young people who are empowered to be successful through our supportive 4-H structures. On the outside of the formula are the six key assets that we believe 4-H cultivates and fosters in 4-H members.

These are the outcomes we hope to achieve in any 4-H activity.

=

**Responsible, Caring,  
Contributing Leaders**

# Leadership Development Pillars

4-H programs are organized under four Leadership Development Pillars and represent the areas of learning that are at the heart of the 4-H program.

## Community Engagement & Communications

Programs in this pillar are designed to encourage youth to seek out ways to lend a hand, take action, and make a positive difference in the world around them.

## Science & Technology

Through this pillar's programs, youth can dive into hands-on, inquiry-based projects and activities that spark their curiosity.

## Environment & Healthy Living

Programs in this pillar offer opportunities for youth to discover how to be stewards of the environment, and to explore positive ways to stay healthy and active.

## Sustainable Agriculture & Food Security

This pillar builds on 4-H's deep roots in rural agricultural communities, offering programs that help youth appreciate and learn about the food we eat and grow.

# Sponsors

We would like to express our sincerest appreciation to our partners and supporters for their continued investment and support. Without them, these programs would not be possible.
