

4-H on Parade 2024

Market Rules and Guidelines

The 4-H on Parade Market is open to all 4-H members participating in 4-H on Parade and registered in a Life Skills project. If a competition is available for their project, they must also be participating in that competition.

Members may submit as many items as they would like (for the single-entry fee) as long as they are the work of the member. The items do not need to be related to the project you are doing.

IMPORTANT: Every club with members participating in the Market will be required to supply volunteers (any representative on behalf of that member) for a minimum of a 2-hour shift to help monitor the Market space.

General Rules

- All items must be made by the member with limited assistance.
- All items must be 4-H appropriate. The 4-H on Parade Life Skills Committee reserves the right to remove any work that is determined to be inappropriate for this venue or is deemed to be not in accordance with the rules.
- Members need to indicate to the committee approximately how much space they will need by April 22.
- All items must be brought on Thursday, move-in day.
- Members are responsible for overnight storage of the items.
- Work will be sold through the Market with the member being responsible to establish a price. If you are not sure of a reasonable price, please contact a committee member for assistance.
- Members will be paid their market proceeds by cheque by the Life Skills committee treasurer once all funds have been deposited and accounted for. Note that this could take up to two weeks following 4-H on Parade.
- After receiving your cheque promptly cash or deposit it into your bank account. No replacement cheques will be issued.

Market Submission Information

We will be continuing to work at getting lots of visitors to the market area and we wish to ensure that all the items can be displayed. Participants must submit the following information by **April 22, 2024** to albartaang@gmail.com.

- Member Name
- Club
- Description of Market Items – how much space is required for your item(s)?

Requirements for specific types of pieces:

Hanging Pieces:

Items such as photographs and paintings must be ready to hang with proper hanging mechanisms appropriate for the size and weight of the piece. Pieces that are not deemed safe to hang (without damaging the piece) will not be entered in the market.

We strongly suggest that members consider the best size for their pieces to optimize impact and function. Members are responsible for displaying their own items and can stack or alter as the sales progress.

Food Items:

Ensure that food items are packaged to retain their freshness and indicate ingredients (for allergy purposes). Non-perishable food items may be displayed as is for the market. The Life Skills Committee will not permit the display or sale of food items that they deem unsafe.

Competition Entry Pieces:

Due to the cost and time involved in producing some items, the Life Skills Committee will use their discretion to allow some pieces to be both a Project Competition entry and a Market entry. If you are planning to sell your competition piece you must contact the committee by May 1st, 2024 and have written acknowledgement from the committee prior to the set-up of the Market. If your competition piece is accepted as your market entry, a photo, a detailed description and the price of the item including the competition area where the actual item may be viewed must be submitted to the market at the same time as other entries.
