Message From the CEO

Dear 4-H Alberta Community,

Unfortunately, 4-H Canada has recently faced some significant cuts in funding. This has led to some difficult decisions, including the layoff of seven staff members. Here is an article on 4-H Canada changes if interested: <https://www.realagriculture.com/2024/03/4-h-canada-forced-to-lay-off-staff-following-major-federal-funding-cut/>.

If any 4-H families were to hear this second hand, they would become concerned about the future of our program, which is why I am providing this update in the scoop. I want to ensure that 4-H Alberta might only be slightly impacted by 4-H Canada's funding challenges. Here is why:

- Financial Strength:** Last year, 4-H Alberta achieved a balanced budget. Currently, our unaudited year-end has an expense and revenue variance of less than 1% compared to the budget submitted in winter 2022. This financial result occurred while experiencing many factors, including inflation, reduced program revenues, and increased member revenues.
- Reducing Reliance on 4-H Canada Funds:** Several years ago, 4-H Alberta's business development team recognized this risk and successfully gradually reduced its reliance on 4-H Canada funds for operational support.
- Strong Relationship with Alberta Government:** 4-H Alberta's primary annual sponsor is the Alberta government, with whom we have a supportive and strong relationship. We recently met with Minister Sigurdson and his team, and they are excited about our progress and continuing with our funding 10-year agreement.
- Operational Break-Even:** As a nonprofit organization, 4-H Alberta ensures its annual budget remains operationally break-even by only using annually consistent and reliable sources of funding for daily operations.
- Pioneering New Projects:** By diligently saving and not relying on any additional dollars received (including one-time donations and other unpredictable or inconsistent funding), 4-H Alberta has been able to pilot new projects without using annual operations funding. This spending is reserved for special projects with non-annual funds, clear timelines, and financial commitments. These projects include the Into to 4-H AB pilot, the volunteer workload consulting, Online Registration System upgrades, etc. We hope to continue many of the projects, but only if we see the specific results we have targeted. In other words, 4-H Alberta lives with stable annual funding to stay safe and dreams with anything else!

Despite the difficult challenges faced by 4-H Canada, I am pleased to report that they are the accrediting body that provides insurance, accreditation guidelines, and a few annual events. The heart of 4-H is in the provinces, and 4-H Alberta's membership is growing for the first time in decades, [as previously reported](#), and our finances are in very good shape.

4-H Alberta Provincial Judging Competition

On March 8, 2024, 4-H Alberta hosted its Provincial Judging Competition at Lakeland College in Vermillion, drawing 128 participants (25 juniors, 51 intermediates, and 54 seniors) for a day filled with learning and spirited competition. Participants showcased their skills by evaluating and ranking classes of livestock, farm products, and more, emphasizing the development of critical thinking, decision-making, and communication.

This event not only tested the members' knowledge and ability to make reasoned decisions but also offered a unique opportunity to deepen their understanding of agricultural sciences. Through engaging in activities like presenting reasoned arguments to judges, competitors honed their abilities to analyze and articulate their evaluations effectively. Members placed each class as well as provided oral reasons one-on-one to a judge. Seniors 4-H Members, ages 15-20, presented oral reasons on 8 classes, intermediates ages 12-14 presented 5 classes of oral reasons and juniors ages 9-11 presented 4 classes of oral reasons.

The competition is a highlight of 4-H Alberta's extensive program, which aims to enrich the educational experience of its members through a blend of virtual and practical learning opportunities at all organizational levels.

The day concluded with a tour of the Lakeland College campus and an awards banquet, celebrating the hard work and accomplishments of all involved. On behalf of 4-H Alberta, we congratulate every participant on their excellent performance. A heartfelt thank you goes to the volunteers who supported our members throughout the event, Bevin Hamilton, the Program Head of Animal Science Technology at Lakeland College, the college's judging team, and Lakeland College itself for their unwavering support of our judging program.

Hello 4-H Alberta Cleaver Kids' Parents!

Peers Multi Club 4-H Cleaver members, Sterling & Cora participated in Club Communications. They showcased their knowledge and shared their personal experiences in front of the judges, club members and guests.

The Peers Cleaver Club is enhanced by hosting their meetings at the same time and location as our Multi Club business meetings. Cleaver kids get to play and visit before and after meetings with the large group, participate in roll call and collaborate with older members during volunteer and community activities.

We always love to see what our Cleaver Kids are up to, so feel free to send us a few pictures of your completed activities and projects! Pictures can be sent to development@4hab.com. Please let us know if we have permission to use these photos in our publications and on social media.

Beef Show & Sale Committees:

- Here are a few things to keep in mind while planning your upcoming Achievement Day:
- Animal Rights Activists are everywhere - here are a few helpful tips:
 - Stay Calm and polite at all times.
 - Don't engage with them - do not respond or react
 - If you feel threatened in any way, call a leader
 - If there is a demonstration, call a leader
 - If someone is recording you as part of a protest, be prepared for your response to be shared publicly and act accordingly.
 - Scale that is used for weighing market projects
 - Anyone selling a product that deals in price per weight, must have a calibrated and certified scale. If your scale isn't calibrated and certified, projects should be sold by the head.
 - If you are an achievement day that likes to have a Jr. Judge participate please make sure you have consulted with the official judge you have and they are willing to mentor the junior you have selected.
 - Please refer to the 4-H Alberta Reference manual for member payments - <https://www.4hab.com/wp-content/uploads/2024/01/The-4-H-Alberta-Reference-Guide.pdf>
 - The BAC committee would also like to start to compile a list of judges that are available - after your achievement if you could please forward their names to BAC@4hab.com that would be great. Deadline - June 30, 2024

New Draft Constitution for Clubs and Districts

It's time to prepare for the 2024-25 club year. **If you are not already using the draft constitution provided, it must be adopted for the next club year (2024-25).** What this means is that you need to include the information from the draft constitution (*you don't have to include the sections that show "Optional"*) but then you may add to it so that it fits your club or district. Remember that a constitution is a set of rules for running your club or district. It helps provide guidelines for conflict resolution. It also is the framework for action so that your club can accomplish its goals.

Reminder About Good Standing Requirements for 2024-25

The dates for submitting documents for the 2024-25 year are changing. Why are they changing? We have heard the community. In order for a club to plan their year, they need to know when the district and region are planning their events. Members want an opportunity to participate at all levels.

Region Due Date: *September 1/2024*

District Due Date: *November 1/2024*

Club Due Date: *January 15/2025*

If you have any questions regarding these new due dates, please contact your [Area Coordinator](#).
